## Experience Tizian Smart-Scan live!

### Tizian Smart-Scan's advantages:

- » Needs fewer scans to record a complete jaw with higher precision
- » Software: Reduced matching time, faster data upload, new filters and a new calibration method for highly precise STL-files
- » Open export of STL-files for more independence
- » Very compact system:  
43 cm x 52.5 cm x 47 cm
- » Suitable for many articulator systems
- » Compatible with the Complete Digital Workflow
- » Large field of view
- » Shorter scan times
- » High precision scan results even with large-span restorations such as bars and implant-supported bridges

**Before IDS, we offer the following CAD/CAM Live Workshops at our facilities:**

**OLD! Field of view 50 x 36 x 40 x,y,z \***  
**NEW! Field of view 80 x 60 x 80 x,y,z\***
